

**CAN YOU AFFORD
TO RENT A CAR**

WITH US YOU CAN!

Let's face it, renting a car has simply never been an option for most of us.

With the ridiculous holds on credit cards, the high prices and all the red tape makes renting a car all but impossible.

At UCR we believe that anyone should be able to rent a vehicle when they need to, and as such we have tailored a solution for all. Whether you need to run errands, take your kids to swimming lessons or simply need to get to work and back, we've got you covered!

You can be on the move for just R399 per day. No hidden costs, no red tape and no exorbitant hold on your credit card.

No credit card? No problem! We gladly accept debit/cheque cards as well as cash.

All other car rental companies have additional charges and surcharges that make it almost impossible for anyone to afford to rent a car. Unless that company is UCR of course!

"UCR – Making the previously impossible, possible."
